

Thank you to the committee of NASA for this prestigious 25th Anniversary Open show appointment.

Such a lovely show. Thank you to my ring stewards for doing such a sterling job keeping the ring running so well.

My gratitude to the exhibitors for their entries and gracious acceptance of my placings.

This fantastic breed has been my life for over 30 years . I passionately hope that we as exhibitors and breeders remember this breeds versatile heritage as we move the breed forward in the UK. Breeding dogs fit for purpose and doing so remembering this breeds purpose.
