

There's nothing much I can add to what has already been said about this fabulous two day back to back Ch Show the hard working committee put on , the weather was kind to us , the set up and the entertainment was second to none , my two stewards Tim and Steve looked amazing in their specially made waistcoats and did an excellent job as usual . The atmosphere around the ring was buzzing and the Hoedown was a huge success with most people making a great effort to dress for the occasion.

I was lucky enough to judge on the first day when the weather was not as hot . Paul and I both drew brilliant entries of around 90 dogs each .

Miss L Wiley's Trijem Mischief Managed , preferred this bitches head , super outline standing with good bone, neck , top line and quarters , showed her heart out but kept looking at her handler on the move so didn't stride out and threw her front .
